

# LOVE IN BLOOM:

A Valentine's Love Letter

Paris, France

14 Feb 2026

(maybe one day)

DEAR: *Orion*

---

FROM: *Baby Vincent (bobo)*

---

I am truly grateful to have met you.  
Hearing the sound of your laughter  
echoing in my home is the most alive I  
have felt in some time. I hope our time  
together makes your life just as bright  
as it does mine. Looking forward to so  
much with you. And for once, I am only  
thinking of when and not if~

Love always,
